

One doctrinal premise, applied to the Old Testament

Percent of each book's verses coded as referring to Jesus, before and after adopting the Latter-day Saint identification of Jehovah with the premortal Christ. The text is identical in both codings; only the reading changes. Whole Old Testament: 0.76% to 24.74%.

Books of at least 100 verses. flag_jehovah is edition-dependent -- see the robustness note in the codebook.
